Long Beach Airport

Monthly Report

December 2008

End of Year Report

Leasing & Business Development

- Chevron Corporation formally ceased operations at the corner of Donald Douglas Drive and Lakewood Boulevard at the end of day, December 31, 2008. Chevron has removed all furniture, fixtures and equipment and secured the site for demolition and remediation. It is anticipated that the demolition and remediation of the site will take approximately 60-90 days pending no unforeseen circumstances. Airport staff will be working with Chevron to insure little to no disruption to traffic flow in and out of the Airport. Plans for the site's future use have not been determined at this time.

Immediate use will include the continued parking of excess car rental vehicles so as to minimize excess vehicle parking in the surrounding neighborhoods.

- ABX Air has indicated that it will not continue with use of its one (1) allocated commercial flight slot. In anticipation of its relinquishment, Airport staff are working with the City Attorney on the proper procedures for allocation of the returned flight slot when it is available. JetBlue Airways and Allegiant Air have expressed interest in the available slot.

Pending City Council Items

- The Airport will seek City Council approval for the conveyance of six photovoltaic panels (Solar Trees) from EcoMedia, LLC, to the City of Long Beach. The Solar Trees are part of a solar project at the Airport located in the South Baggage Claim Parking Lot. The 186-watt solar system consists of six photovoltaic bifacial panels mounted on dual-axis trackers that pivot 15 degrees every hour. Estimated to have a 25-year life-span, the system produces 15,000 kilowatt hours of power per year and reduces the Airport's carbon footprint by 20,000 pounds of CO₂ emissions per year.

Construction Updates

- Re-pavement project of the west inlet to Runway 25R on Taxiway K was completed. Painting of this section is expected to be completed and reopened on Wednesday, January 14.
- Asphalting portion of Taxiway Kilo is scheduled to be completed in March.
- Ongoing cementing of Taxiway Kilo from Taxiway C to Runway 12. Expected date of completion is late summer, pending weather conditions.
- Taxilane/perimeter road next to 34 L south of Taxiway F will commence on Monday, January 19 and should take approximately 30 days to complete. Deteriorating road conditions prompted essential road repairs due to its proximity and access to hangers.

MONTHLY AIRPORT ACTIVITY

		December		January—December		
		2008	2007	2008	2007	% Change
Total Passenger Traffic	240,676	223,784	2,913,926	2,906,556		0.3%

TSA Updates for December

Welcome Aboard

TSA/LGB welcomes Bill Woodward, Assistant Deputy General Manager for Mass Transit, Western U.S. After serving in the United States Navy as a Navy SEAL for 21 years, Bill was hired by the FAA as Deputy Program Manager, National Engineering Oversight for the Facility Security Risk Management Program in Washington, D.C.

In July 2005, Bill joined the TSA family as Assistant Federal Security Director for Surface Transportation for Southern California. Tapped by TSA in 2008, Bill took the helm as the Assistant Deputy General Manager for Mass Transit for the Western United States. TSA is excited to have Bill co-located at LGB. Welcome Bill!

New TSA Offices

Recently, the TSA Executive staff relocated to their new offices in the Hamilton-Sundstrand building. Their office numbers have been updated so if you need to reach TSA, please call TSA's 24/7 Security Coordination Center at (562) 429-8505.

Airport Triennial Full-Scale Exercise

Long Beach Airport and the Long Beach Fire Department are sponsoring a full-scale exercise (drill). To maintain FAA certification, various emergency response agencies are required to conduct a triennial emergency exercise in which the response and operational readiness can be evaluated and tested. The drill is scheduled to occur on April 24, 2009 at 2200 hours (10:00 p.m.) local time and will simulate a 6.4 magnitude earthquake two miles north of the Airport. Unlike the drill in 2006, this drill will be smaller in scale and is meant to test the initial response of emergency personnel, Airport staff and airport tenants. A minimum of 100 volunteers are needed for various assignments, including playing an injured person, family member, etc. To volunteer please contact Maricela de Rivera, Public Affairs Assistant, at (562) 570-2674 or Maricela.deRivera@longbeach.gov.

Announcements

Long Beach Aviation Friends

A new group organized to assist the Long Beach Airport in public activities and to increase knowledge of aviation, Long Beach aviation history and the Long Beach Airport. Meetings are held quarterly. Next meeting:

Long Beach Aviation Friends

AirFlite, 3250 AirFlite Way, Long Beach, CA 90807
